THE INSTITUTE & COURSE OVERVIEW

As Medical School from 1910 and Medical College from 1944, S.C.B. Medical College, Cuttack has undergone various transformations and progressed well to cater the needs of Odisha and adjacent states as a tertiary medical care institution.

Mental Health Institute (M.H.I.), S.C.B. Medical College and Hospital, Cuttack, earlier managed by Red Cross Society since 1961, was brought under the control of State Government from 01.04.1966. M.H.I. under the administrative control of Director Health Services, Odisha, and Department of Psychiatry which functions in M.H.I. under the administrative control of Director Medical Education and Training, Odisha led to functional inconvenience because of dual administration. Government after careful consideration have been pleased to decide to bring M.H.I. under the administrative control of Director, Medical Education And Training, Odisha (No. DC & MA (MH)-16/2012/34082/H. Dated 28.12.2012).

M.H.I., S.C.B. M.C.H, Cuttack has been upgraded to Centre of Excellence in Mental Health during 2010 under the National Mental Health Programme - Man power Development Scheme. Three new departments like Department of Psychiatric Social Work, Clinical Psychology, and Psychiatric Nursing have been opened in addition to the existing department of Psychiatry in M.H.I. to create man-power in Mental Health. M.H.I. S.C.B. M.C.H, Cuttack, is the premier institute for the care of mentally ill over last five decades.

AIM & OBJECTIVES OF M. PHIL IN PSYCHIATRIC SOCIAL WORK COURSE

In the comprehensive system of human development in all areas of disabilities, one of the most vital areas, the domain Psychiatric Social Work. Between acute centers of Psychiatric intervention and the rehabilitation of chronic mentally ill in the society in community based rehabilitation module, psychiatric social worker has been modeled to a bridge. To reach the un-reached large number of mentally ill population and to negate the influence of superstition, stigma around psychiatric illness, to bring them to the domain of modern holistic psychiatric care under bio-psycho-social –spiritual model, psychiatric social worker has the pivotal role.

AIM:

- The aim of the course is to prepare the trainee to function as a qualified professional in Psychiatric social work in the area of mental and physical health by offering Diagnostic, Therapeutic, Rehabilitative services and research orientation and promoting the wellbeing and quality of life of individual and to uplift the social perception of the mentally ill as well as the attitude of the society to affected individuals.

• Objectives:

The course is developed as a rigorous two years programme with extensive theoretical inputs and widespread clinical experience to acquire the necessary skill in the area of psychiatric social work. On completion of the course, the trainee is expected to perform the following functions.

- Diagnose Mental Health Problems.
- Conceptualize specific adult and child mental health problems within a psychosocial framework, giving due consideration to psychosocial/cultural/ moral-spiritual/contextual factors and carryout relevant treatment/ management/ advocacy/ rehabilitation in family, social and occupational setting.
- Apply psychosocial principles and techniques in rehabilitating persons with mental health problems and social disabilities.
- Work with the psychosocial dimensions of physical diseases formulate and undertake focused/targeted psychosocial intervention and research.
- Work with community to promote health/quality of life and psychological wellbeing.
- Work with institutions and communities to promote human right dimensions and ethical psychosocial practices.
- Undertake research in the areas of psychiatric social work such as mental health/illness, physical health/diseases and relevant societal issues i.e. misconception, stigma, discrimination, and quality of life etc.
